Assessment week 6

Manual Testing

Plan:
Run the app and various functions to see whether or not they work properly

Test case:
Launch app
Click "See All Bots" button
Verify you can see all bots
Click "Draw" button
Verify you can choose out of 5 robots
Click "Add to Duo" button on two robots
Verify you can add two robots to your duo
Click "Remove from Duo" button
Verify you can remove one or two robots from your duo
Click "Add to Duo" button
Verify you can add two robots to your duo
Click "Duel!"
Verify that it shows who wins and that wins/losses is updated correctly
Click "Play again!" button
Verify the game reset keeping wins/losses and you can now click the draw button

Bug report:
The "See All Bots" button doesnt work.

Bug report:
The game doesnt accurately add wins after winning.

Bug report:
The game doesnt reset the wins/losses after reloading the page
